

## CFI Open Forum

At this open forum, we will discuss how to conduct an effective risk-based flight review. This interactive presentation also leads the participants in a discussion of best practices for developing evaluation scenarios. It allows FAASafety Team Program Managers and designated FAASafety Team Representatives together with CFIs and DPEs to discuss the benefits of conducting risk-based flight reviews. Flight Instructors, Ground Instructors, Designated Pilot Examiners, and Instructors in training are welcome and encouraged to attend. Click the link below and register TODAY.

**Directions:** Exit 10 off Route 81. Go east towards Rte 11. Left into the airport and park. The building is to the left of the terminal.
